This year was very blessed and vivid. There were 15 new members who joined our church. Now there are about 80 members in our church. This year, the Sunday school of our church celebrated 3-year anniversary. Prayer ministry, worship and Sunday school - these are the ministries of our church that are growing in numbers and quality. With God's help we were able to move into a new building and now we have church services there. However, there are many things that we still have to get done as far as renovations. But we believe that the Lord will bless us.

From the beginning of the year, our church continues to feed the poor of our town. Our soup kitchen functions 2 times a week. Every week we give away 100 free lunches and share the Gospel with every person that comes. From the beginning of the year, there were about 3000 people who came and were fed and heard the Gospel. Also we started a new ministry. We are giving away used clothes for the people who are poor and need it. Once a week, we organize big gatherings of people and read the Bible, sing songs and give away the clothes. There are many who accepted Jesus as the result of this ministry.

We continue our Bible school. 10 people came to Christ through this school. The youngest person was 23 years old. The oldest was 82 years old. God is saving at different ages. We also had a water baptism. There were 12 people who were baptized and became members of our church.

In May, we organized a big Evangelical outreach in one of the villages of our region. There were about 40 people who attended and 4 people repented and dedicated their lives to Jesus. This was a start of a Bible study group in this village. Now, approximately 6 people visit this study regularly. Good beginning of a potential Church plant.
