Greetings!

We sincerely thank you for your prayers and support. I appreciate you. Thanks to you, we are successfully continuing our ministry at "Novi Obyriyi" through which many people can hear the Good News, as well as grow in the grace and knowledge of our Lord and our Savior Jesus Christ. May God bless your families, churches, and the work you do for our Lord!

We are always looking for different ways to reach the hearts of the people with the Word of God, choosing different places, different conditions and different audiences. One of our projects is called "Spartakiada." We organize competitions between villages, with both children and adults participating in the competition. During the competition we have the opportunity to get to know each other better and make friends. This year we also organized "Spartakiada" project. Many adults and children participated in it.

We also had a Gospel Project for children "Forest land". We gathered with the ministers of our district to discuss one question: «How can the Word of God be conveyed to children?» And we thought, if it is impossible to conduct an event on school grounds, then we will arrange it for children on our territory. We have been organizing projects for children in a camp format. But for children aged 5-12, especially from villages, what can be better than jumping on a trampoline? That's where we started. There were brothers who bought the trampoline and we placed it in "Novi Obyriyi". While children enjoy playing time, we cook dinner with parents. During this time, there is a great time for sharing the Gospel. About 3,000 children and 1,000 adults took part in the project this summer.

We organized a family weekend called "Covenant Renewal". 7 families came to us that day. We had several programs for adults and for children. We have chosen adult themes to reveal the old problem on the one hand, and to give hope on the other. One of the families were moving toward divorce during three months. In fact, this weekend was a renewed covenant for them. One of our partners decided to organize a similar one in his church after the event.

Not so long ago, we organized a men's project called "Take Your Position, MEN". 28 men, including non-believers, discussed the following topics for three days: faith, emotions and their impact on health, character, mentoring and what «real» mentors look like and where to look for them. During the project, many people exchanged contacts and agreed to cooperate. At the end of the project there was a hike in the woods. Over the year, we have completed over 20 projects and have been able to reach over 3,000 children and 4,000 adults. We are satisfied. If God allows us to do more next year we will do it.
