2019 was very interesting and busy for us. Though it was not as busy as the years prior to it. But God continues blessing us with His Grace. Our Christian school continues to grow and develop. For now, school is the main project of the church. We have 14 kids in our school. Kids are in grades 1 to 9. We started our school as an answer to the challenges that came around and faced our kids. Our kids were

bullied in public schools because they are believers. Teachers were disrespecting our kids, they were saying that nothing good will come out of these kids. Now these kids are studying so well in our Christian school and they are strait A students. Now we have parents who are not Christians asking us to take their kids into our school.

During this year we continued our ministry to seniors, we served in the homes for seniors. This year, many seniors repented before they went home to the Lord. There are 46 seniors and 30 caregivers in that home for seniors. We minister to seniors and the caregivers. We pray for revival there and our dream is to plant a church in that homes. Seniors love when young people come to visit them. That's why we encourage the youth from our church to this ministry.

Our region is the largest region in Ukraine. We have many villages in our area. We visit many villages with evangelical outreaches. Also we organize summer camps for many villages, provide humanitarian help. Also, I am elected as a pastor who is in charge of our region, so I am visiting and preaching in many churches of the area.

We evangelize in our city by organizing many festivals of different kinds. Family festival, Honey festival, there are many beehive owners, they bring fresh honey, other people bring fresh bread, milk and we share it with people and share interesting stories about the bees. There, we also share about Christ and invite people to Church. Also, we are spreading Christian Newspapers in our region. Our Teenage ministry is also growing and developing. We continue running a club for teenagers. Many parents don't let the teenagers come to church, but they are ok if their kids come to the Christian teenager club.
