

## General report 2019

### Liubomyr Kubinskyi and his wife, Family ministry, Lviv, Ukraine (68)

#### Greetings!

Thank you for your prayers and support. Through your dedicated ministry, I am also able to serve our Lord even more and better. May the Lord bless you abundantly and give you in a thousandfold. My family and I thank you very much for your help.

This year has been effective and full of various events and ministries, there have been many trials and blessings during this period, I have had many sermons in the church where I serve and also in other churches where I am invited to preach and teach.

As a head of family ministry, I spent this year running a family club and having one family event almost every month: there was a meeting themed "I love you" with 17 married couples, I also held a training "No conflicts" attended by 21 couples, "Covenant Relations" attended by 18 couples, another one called "Marriage " with 20 couples participating. I also held a family event themed "Gospel and Marriage" in Dolyna town with 15 couples.

As a leader of a family ministry, I provide family counseling for families with problems and different family groups. I also participated as a speaker at a great family camp. It was a blessed year and blessed summer.

---

## PRAYER REQUESTS:

- Please, pray for my ministry: counseling for families in crisis. This is an extremely difficult and serious process. Many families are in church who are not able and sometimes do not want to overcome crises and trials. Pray that God would give me wisdom and His guidance to help such families. A special request to pray for the family of Serhiy and Vika, who have been in crisis for over a year;
- I also ask you to pray for my work and my family. This year I had to change jobs, and now I spend a lot of time at work and ministry. Ask God to give strength and wisdom so that my family will not be deprived of my attention;
- Please, pray for family events and conferences and for a parents club for those non-believers and single moms, which we launched this year.
