### Greetings!

We pray that God will richly bless everyone who works with us in His field!

Two years ago we launched the project for teachers to preach the Gospel to the ones working in education and build better communication between them and parents. The first part of the program consisted of seminars on teaching methods, recreation and health of a teacher, conflict solving and sexual education. The topics were based on biblical principles. In the second part of the event we watched the movies, such as "Fireproof", "Courageous", "Pay It Forward" and others to encourage the members look at their lives through the Word of God. More than 100 people heard the Gospel thanks to this project.

In October we conducted a family weekend in a village of Lisne to give an opportunity to the families build and strengthen their relationships. 30 adults, 32 kids and 8 volunteers spent time together learning the Bible, having interesting quests, games and seminars on the roles of husbands and wives. Children were involved into treasure search,

excavation, learning about creation, dinosaurs and many other things that built their friendship and team spirit. The teatime together with kids as well as spending time near the lake helped the members to relax and understand what they need to do to build strong partnership inside the families.

Besides children and family camps and retreats, we conducted an event for youth about the healthy relationships and principles of building a Christian family. The program of the event called "I am Ready 18+" included the discussions of dress code, age difference, family rules and rituals, dating, as well as wedding and pregnancy planning and teamwork.

During reported period, our organization conducted events, trainings and seminars for women on building healthy home, facing the crisis and self-education. The events for men were aimed to emphasize the role of a husband, planning, management, healthcare, friendship and others. We also held an event for fathers and sons, seminar for ministers in Radomyshl and family seminar in Kharkiv. In total, 339 people attended our events during summer-fall period. They would not be possible without 43 teachers and 67 volunteers.
