

Summer-fall 2017

Submitted December 2017

Oleksandr Romaniuk, Poltava Bible Institute, Ukraine (42)

Greetings!

We thank you for the prayers that help us accomplish the ministry. Thank God for the opportunity to get acquainted with the wonderful courses that you offer us for the development and education of Christians. These materials help churches in our region to form new ministers. They are also valuable to pastors, who actively teach and train Christians in their local churches. May God bless you richly!

WEBSITE

At the beginning of summer, the leaders of the course on the Basics of Christian Life completed their training. The development strategy of the institute, in our area, consists of two parts. First, the training of leaders who would be able to prepare other leaders for local churches. Secondly, the teaching of the Christians of the local churches in order to help pastor in the education of members of the church. At the

beginning of fall, the leaders started two groups of a total of 18 people. In October, the leadership groups on the Galatians and Romans have begun. Two brothers have already recruited groups in local churches. The third brother successfully studies and does a lot of effort but is not ready yet to lead a group

The courses from the institute were presented to the church "Hope" and two brothers expressed the desire to study. However, there are problems with meetings because of the different work schedules and not enough interest of the church leaders in teaching. In total, there are 100 students in the region. Some groups are active for few years, some only started this year. The

courses are very effective in the churches where the leaders are interested in training new leaders and developing the church.

PRAYER REQUESTS:

- Please, pray for the potential students;
- Pray also for the vision of church leadership about church development through learning;
- Ask God to grow our ministry and offer this training in every church in our region;
- Please, pray for the financial support of the ministry for our region, because today we do not have any financial support.
