

## Ministry stories 2019

### Volodia Nevmerzhytskyi and his wife, Ovruch, Zhytomyr region, Ukraine (57)

#### Greetings!

Our ministry has different directions. Thanks to you, we can develop it and bring more fruit to God. Today we want to tell you about one project called "Perspective". We started it as an alternative to modern secular education in Ukraine. The idea was to create a platform for the development and formation of child's personality which is rooted in God's Word. We wanted to present the basics of all sciences through a prism of Christian philosophy. To eliminate the ideological bipolarity, when people live a church life and their regular lives, not being able to implement Biblical principles - this was a goal of our educational center.

We started this project in 2017. For many of us it was a decision to "walk on the waters and learn to trust God". Our initial team had 6 kids, two teachers and six assistants, as well as cooks. We faced lots of financial obstacles, but God had helped us to raise the sum we needed to even organize two meals a day for our pupils, purchase all needed materials. The second year we started with 12 students and a bigger team of 7 teachers. The team also got a certificate of one American program, so that we can now start a "School of tomorrow" project, which means that the teaching process will be all in English.

Every day we start with a Bible lesson "Time of Truth" and contemplate on God's Word. The other classes are structured according to the governmental standards and aim at developing a well-educated personality. We also sing worship songs, conduct crafts-making workshops, interesting excursions, games and other activities for our students. The quality of our education is getting higher every year,

which is the reason of our joy. Our church, parents and teachers are so thankful to God for this opportunity! Despite all the difficulties, we are determined to move on, relying on our faith and God's mercy.

---

### PRAYER REQUESTS:

- Please, ask God to bless this project and let it grow;
- Join us in prayers for the students of "Perspective" to become very mature Christians and good professionals.

### OUR MISSION

HART is dedicated to alleviating poverty and injustice in Eastern Europe. We work alongside local churches and ministries and give them the tools to build a better world for themselves, their communities, and their countries.
